**Leader in light industrial covers  
manufacturing for 25 years**

**PRESENT IN 18 COUNTRIES AROUND THE WORLD**

**97 EMPLOYEES**

**5370 TUNNELS INSTALLED**

**1860 ANIMAL SHELTERS**

DUEA has been active in the field of metal joinery for more than 25 years, and its products have earned recognition and appreciation.

Our dynamic and highly skilled team is the guarantee of the high quality of the products and services we provide, from the initial technical evaluation until the turnkey delivery.

Due to significant investments made in recent years, each manufacturing stage is closely monitored and meets very high-quality standards. The certifications obtained are proof of the company's commitment to providing quality and innovative products and services.

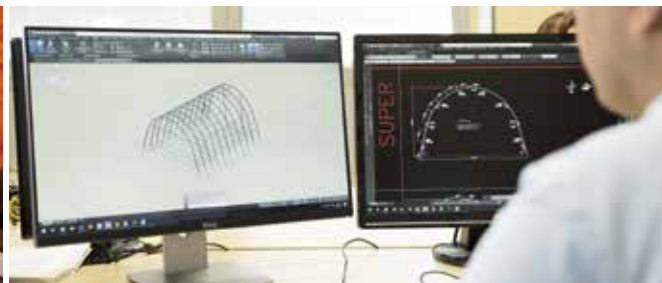

DUEA offers customers assistance and advice from the stage of selection and identification of the investment, during the preliminary design and performance, until the completion of works.

Over the years, DUEA has specialised in various fields, in order to be able to respond promptly to specific requests coming from different markets and to support customers throughout all stages of the project, providing products and service which make the difference in the market.
